

REMARKS

This Response is to the Restriction Requirement mailed March 18, 2009. Applicant elects Group I, claims 1-9, drawn to a liposomal composition containing a therapeutic compound (class 424/450) without traverse. Applicant withdraws claims encompassing Group II, *i.e.*, claims 10-16, drawn to a method of preparation of a liposomal composition containing doxorubicin (class 264/4.1). Applicant respectfully reserves the right to file divisional applications relating to any claims directed to the non-elected Group.

In light of the preceding, Applicant believes that the presently pending elected claims are in condition for allowance, early notice of which would be greatly appreciated. The Examiner is invited to telephone the undersigned attorney of record if the Examiner believes that such a call would materially advance the prosecution and eventual allowance of the present application.

It is not believed that any fees are required with the submission of this Response. However, if any fees are required then they are hereby authorized to be charged to The H.T. Than Law Group, Deposit Account No. 50-1980, and if any extensions of time are necessary to prevent abandonment of this application then such extensions of time are hereby petitioned under 37 C.F.R. § 1.136(a).

Respectfully submitted,

Date: April 16, 2009
